

# CREATIVE SOLUTIONS

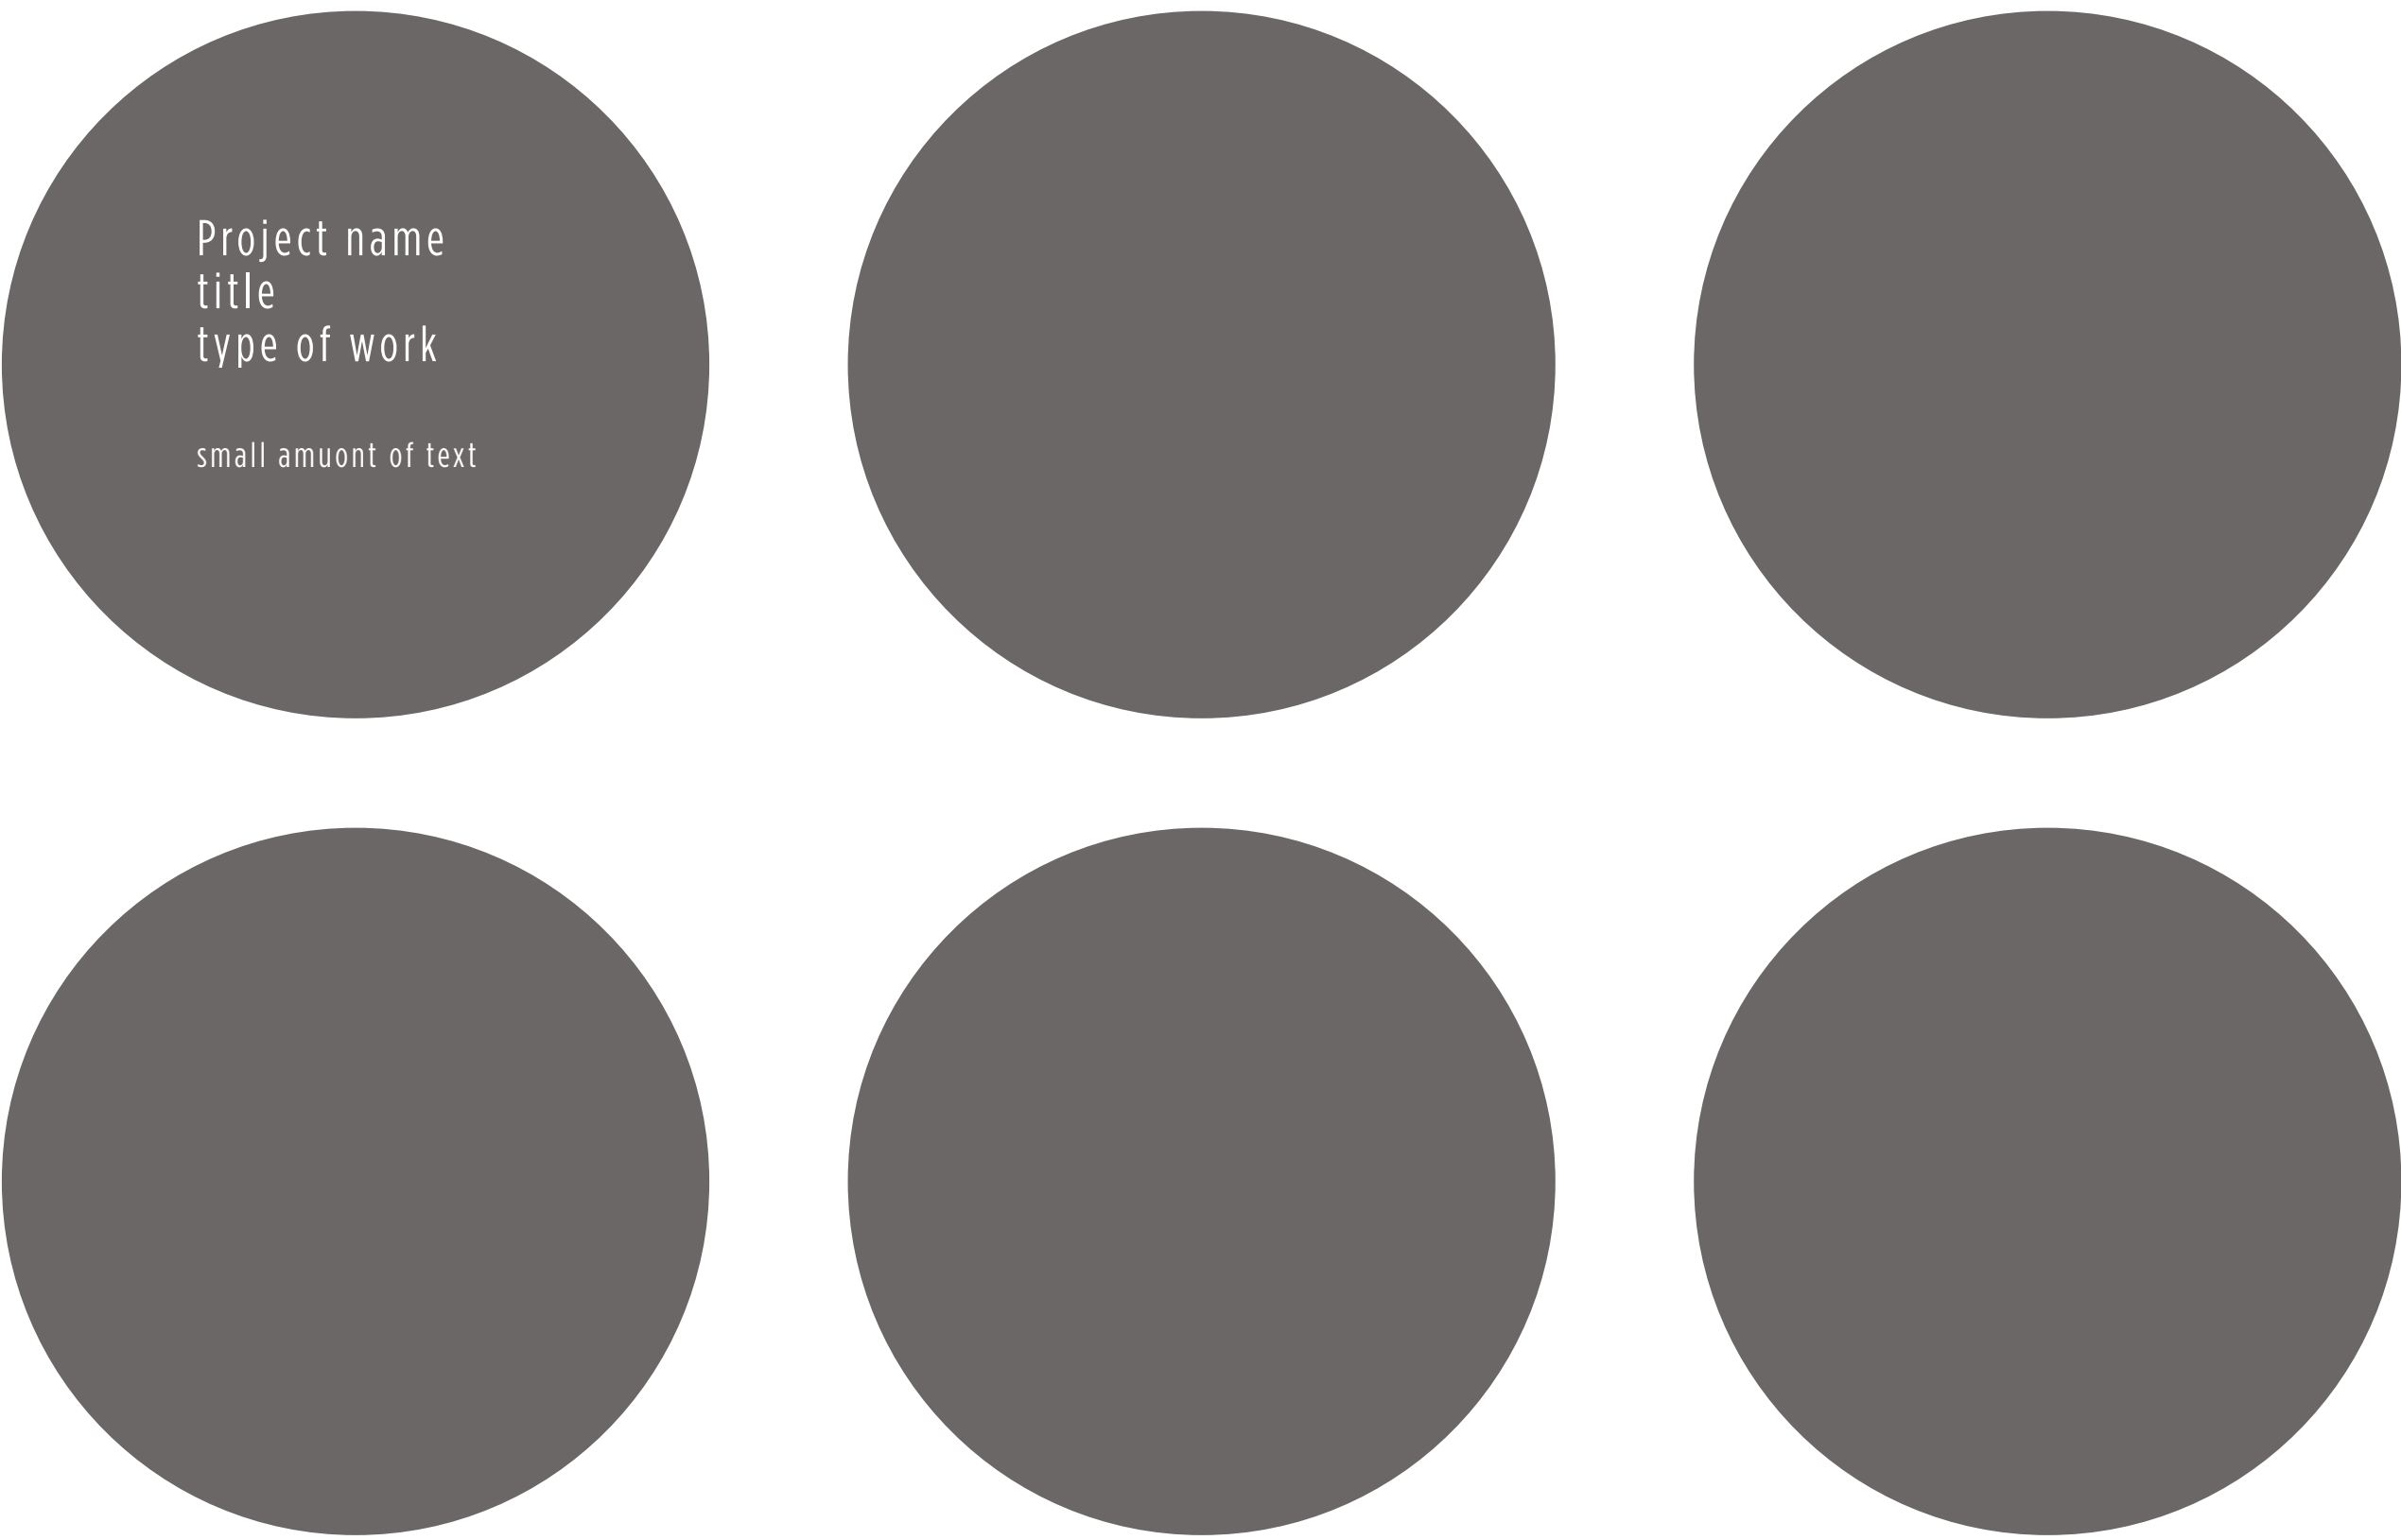

# A DESIGNER

I always have my hand in a freelance project or twelve. Creating new and innovative concepts to drive business for my clients is my goal. I love to serve the community I grew up in. Being a local to Delta, B.C. gives me a unique advantage when I design for the businesses in this area. The community is growing and evolving and I'm honored to help business grow and evolve along with it.

When I'm not doing that I'm managing my online vintage store, practicing my photography skills or out digging in the garden. On a nice day you might find me paddling down the Fraser river in my cedar strip canoe.
